

Retooling Douglas County

When?

March 22nd 2010(Monday) thru March 26th 2010 (Friday)

Where?

2713 W Harvard Ave Suite 220, Roseburg OR 97471

What?

We are offering a flat rate computer repair for \$10.00 (Labor) for one week. This includes virus removal, factory defaults, windows reloads, tune-ups and any other software related problem.

You can check a computer in during our normal hours 9am-noon, 1pm-5pm, Monday thru Friday.

The estimated turn around from a computer normally checked in is 1-2 days, however during this period the estimated turn around will be 1 week.

Customers checked in at our normal rate \$40/hr will receive priority during this period and have normal Turn around times.

Parts are not included in the flat rate repair.

Why?

We have wanted to have a large impact on helping all of our clients out during these rough economic times. We hear constantly about hard times situations. We received no grant, or no sponsorship in order to do this program.

Also!

During this week, if you have older working computers that you do not want please bring them by. We will Reload these computers and clear information from the computer and then pass them on to someone that needs. We will be taking applicants for a free computer during this week. Not all applicants will receive a computer.
